PREMIUM PRESSURE-SIDE POOL CLEANERS

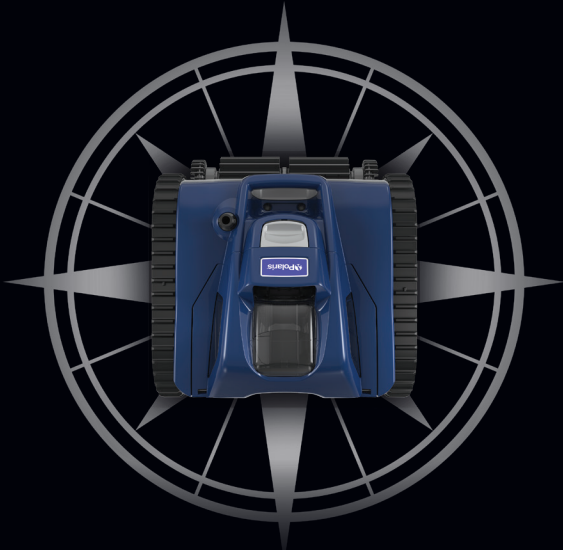

DESIGNED FOR STRONGER CLIMBING, DEEPER CLEANING, AND LASTING PERFORMANCE.

Powered by a booster pump and built with aggressive TankTrax® Technology for unmatched pressure-side traction and obstacle management, the Polaris® QUATTRO® TRAX brings powerful cleaning performance and dual-stage debris filtration, with durability that's made to last.

TANKTRAX TECHNOLOGY

Delivers superior wall climbing and advanced obstacle management

OPTIMAL POOL COVERAGE

Multi-Directional Navigation enables complete coverage of the entire pool

SECURELY CAPTURES PARTICLES

Enhanced canister seals retain fine debris, improving overall filtration efficiency

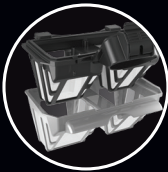

CORE FEATURES

TACKLES LARGE DEBRIS

ACTIVE SCRUBBING FOR CLEAN SURFACES

DUAL-STAGE FILTRATION SYSTEM

POWERED BY A BOOSTER PUMP

Polaris® QUATTRO® TRAX

CONNECTION	Dedicated pressure line (Booster Pump required)
CLEANER DIMENSIONS	15.5" l x 15.5" w x 10.75" h
CLEANER WEIGHT	18 lbs.
DRIVE TECHNOLOGY	TankTrax Technology
INTERNAL GEARS	Reinforced for improved durability
BRUSHES	Active front and side brushes
FILTRATION METHOD	Dual-stage filtration canister
DEBRIS INTAKE	2.75" extra-large opening
NAVIGATION	Multi-directional
MAXIMUM POOL SIZE	Up to 70 ft.
SURFACE CLEANING ABILITY	Floor, walls, and waterline
POOL TYPE	In-ground with a pressure line powered by a booster pump
POOL SHAPE	All shapes
POOL SURFACE	All in-ground pool surfaces
