HOTEL DU CAP-EDEN-ROC UNVEIL ITS NEW LIFESTYLE COLLECTION

July 2026

The Hotel du Cap-Eden-Roc, iconic symbol of French art de vivre on the Côte d'Azur, reveals a curated range of products through the online boutique Eden-Roc Riviera Collection (www.edenrocrivieracollection.com).

This shopping experience invites admirers of the legendary palace to discover a curated selection of exclusive Hotel du Cap-Eden-Roc signature items, alongside unique creations developed in collaboration with prestigious maisons.

HOTEL DU CAP-EDEN-ROC COLLECTION

The property has crafted a collection that embodies the hotel's identity. Inspired by its history, the timeless character of this mythical address is captured in each carefully chosen piece, reflecting the signature elegance of the Grande Dame.

Every item is selected for its exceptional quality and authentic craftsmanship, from the inimitable buoy, the crocheted pouch and bag, the iconic beach towel, or the book on the hotel's history.

MAES PARIS : RESPONSIBLE LUXURY IN THE SERVICE OF ELEGANCE

Hotel du Cap-Eden-Roc has partnered with MAES Paris, a French Maison founded in 2020 by Romain Boubert, reimagining high-end leather goods through a vegan and responsible approach.

Combining artisanal expertise, timeless design, and innovative plant-based materials, MAES Paris creates exceptional bags and accessories where responsible luxury and sustainable elegance meet.

This exclusive collaboration has given rise to a capsule collection that combines desire, creativity, and consciousness, perfectly reflecting the spirit of the establishment and the Riviera lifestyle through the Sella clutch and the Hippolyte cardholder.

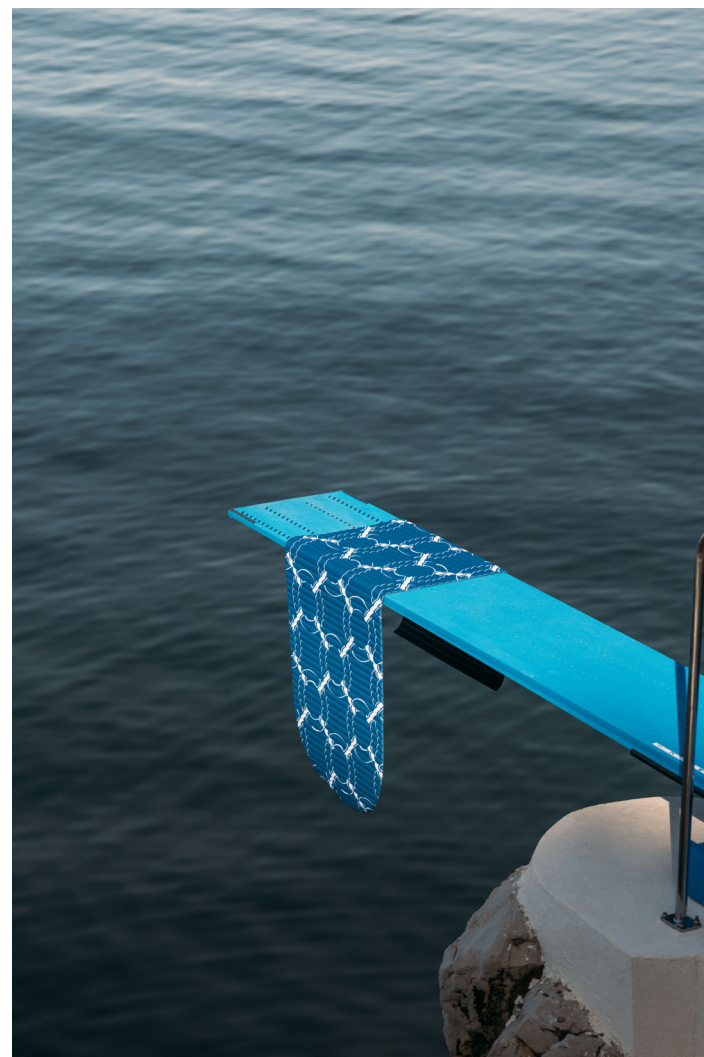

STATEMENT : A SIGNATURE JEWELLERY COLLECTION

The Rivet collection finds its natural home within the world of Hotel du Cap-Eden-Roc, an icon of the French Riviera where elegance, cherished memories and the art of living have been passed down for more than 150 years.

Created exclusively for this collaboration, the Rivet pieces are adorned with azure blue and navy cords, paying tribute to the emblematic shades of the Mediterranean: the crystal-clear waters surrounding the Cap, the deep reflections of the sea at sunset, and the timeless elegance of the French Riviera.

Like Hotel du Cap-Eden-Roc itself, the collection embodies an art of living suspended between refinement and freedom.

Each piece becomes a treasured keepsake, a memory to wear, inspired by the Riviera's unmistakable light, the endless summers of the Côte d'Azur, and the emotions that linger long after the journey ends.

HERCULE STUDIO : THE ART OF MOVEMENT

Extending its distinctive art de vivre, the Hotel du Cap-Eden-Roc has partnered with Hercule Studio to create an exclusive wellness collection.

Featuring yoga mats and a pad adorned with the property's iconic lifebuoy motif, this collaboration combines functionality, aesthetics and Mediterranean elegance.

Designed to accompany moments of relaxation as well as movement and exercise, these creations reflect the spirit of serenity and refinement that defines the hotel, inviting guests to extend the establishment experience into their everyday lives.

The Eden-Roc Riviera Collection is thus a tribute to the refined and authentic lifestyle of the French Riviera: discreet, elegant, and responsible luxury, to wear, experience, and share.
